

A great tool “Windows Live Writer”

I was downloading Microsoft’s “Windows Essentials for a user who uses “Windows Live Mail” and as I, when installing only what the user needed, noticed a program I hadn’t seen before: “Windows Live Writer” as well as the usual “Photo Gallery”, “Movie Maker” and “OneDrive”.

Windows Live Writer is a desktop blog-publishing application. All I did was adding my account from wordpress.com and start creating a new post.

Things you can do within Windows Live Writer:

- Add “photos”, “videos” and even a “Bing Map”.
- It is easy to use: “Edit”, “Preview” and “Source”.
- Release the post: by uploading “Draft” or directly “Publishing”.
